

# BABY CARE

BECAUSE BABIES ARE DELICATE, BÉTTA MAKES DELICATE PRODUCTS.

## BÉTTA BABY SOAP 500ml

From sugarcane and palm oil,  
a soft cleansing feeling for the body

Bétta Baby Soap was born from natural sugarcane and palm to provide a gentle feeling of cleaning. Give the entire body a smooth, silky feel while protecting the original moisture of the skin. With a full dispenser of 500ml, the entire family can use this detergent made from plants totally free of any petroleum-based surfactant, flavoring or coloring agents, ultraviolet rays absorbents or mineral oils.

## FINE SILK SPONGE

100% natural sea sponge to respect the skin

Very soft for the skin and with a superior elasticity and durability, this 100% natural fine silk sea sponge comes from the Mediterranean Sea. But its most unique feature are its many little holes which gives its reputation of finest textured sea sponge. A perfect way to clean baby and respect delicate skins.

## DOCTOR BÉTTA BABY BOTTLE

"Make the ideal feeding posture possible" - this is what the curve of Doctor Bétta baby bottles was made for. This bottle was originally a sanitarian concept invented by pediatricians that noticed the difference in incidence of sicknesses between breastfed babies and bottle-fed babies. Because the happiness of a family also comes from a healthy baby, providing the most comfortable and appropriate feeding position to every baby is Bétta's goal.
